Position Location: City & State *	Waco, TX
Position Closing Date	

About the Institution

Built in 1906 by architect Milton Scott, the Artesian Manufacturing and Bottling Company was the first building dedicated to the manufacturing of Dr Pepper. Creating a Dr Pepper Museum was the vision of a few devoted enthusiasts of both Dr Pepper and its history. The Artesian Manufacturing and Bottling Company became the Dr Pepper Museum in 1989, then the Dr Pepper Museum and Free Enterprise Institute in 1997. Today it is the Museum's largest artifact and a tribute to the imagination and talent that fueled Dr Pepper's success throughout the years.

The Museum's mission is to educate and entertain the general public through the collection, preservation, interpretation, and exhibition of objects relevant to the history of the soft drink industry, and through that example, the free enterprise economic system.
